

# Property Boundary Signs

## Purpose

These signs are needed to communicate to the public where land trust land property lines are and access to these properties.

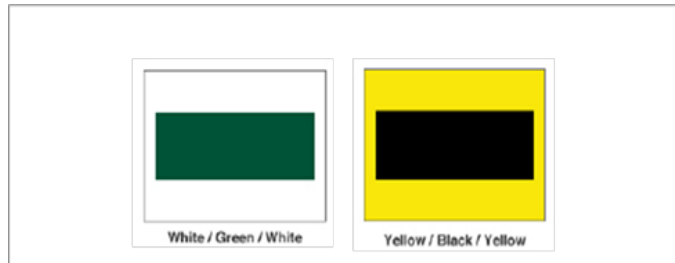

## Installation

Generally, combination of colors should be chosen for visibility and consistency. It is recommended that following the standard colors of brown background (Lodge Brown) with white or yellow (Safety Yellow) lettering is consistent within a most park facilities. Other color options are shown.

The more visible colors of blue, red and yellow backgrounds are often used for advisory signage.

When installing signs on property boundaries and other rights-of-way; first be certain of the exact location of the line. Seek professional surveying advice if you have any doubts.

## Specifications

| Materials | Material Thickness | Durability (Life Expectancy) | Sign Size (Dimensions)  | Recommended Colors   | Fonts    | Letter Height |
